Roster Policy

The following outlines our policy involving player eligibility and rosters over the course of a season:

- Each team is allowed up to 14 players on their roster.
- Once a player on your roster has played games he/she cannot be removed to make room for another player.
- Players must play four games in the season. Exceptions will be made to this rule for players who started the season injured, serving in the military, or police duty. This exception will only be considered if it has been submitted in writing with documentation as proof prior to being added to the roster. Even if the player plays less than the four games they still must pay the full player fee before playing in playoffs and/or counties.
- All players playing in playoffs and/or counties must pay the full player fee.
- Players must play in 40% of "regular" season games to be eligible for playoffs and county championship tournaments. Exceptions may be made due to injury, military service, or police duty. Must be applied for in writing to X Flag Football.
